Santa Ynez Valley Union High School

DEDICATION

The 1977-78 Pirate Revue is honored to dedicate this yearbook to Manuel J. Silva. In his 33 years of service to Santa Ynez Valley Union High School he has carved a permanent place in the hearts of the community and in thousands of students who will never forget him.

A graduate of Gustine Union High School near Merced, Mr. Silva earned his B.A. in Business Education at San Jose State. He recieved his Masters in business education and administration at USC and did his post-graduate work at Stanford and UOP.

After teaching business at Arroyo Grande High for two years, Mr. Silva entered the U.S. Navy, and he instructed method classes at the University of Saipan untill 1945--a big year for S.Y. High.

For the next ten years, Mr. Silva taught business here at Santa Ynez High School, but he didn't consider his place here as a permanent one untill 1955, when he turned to an administration career.

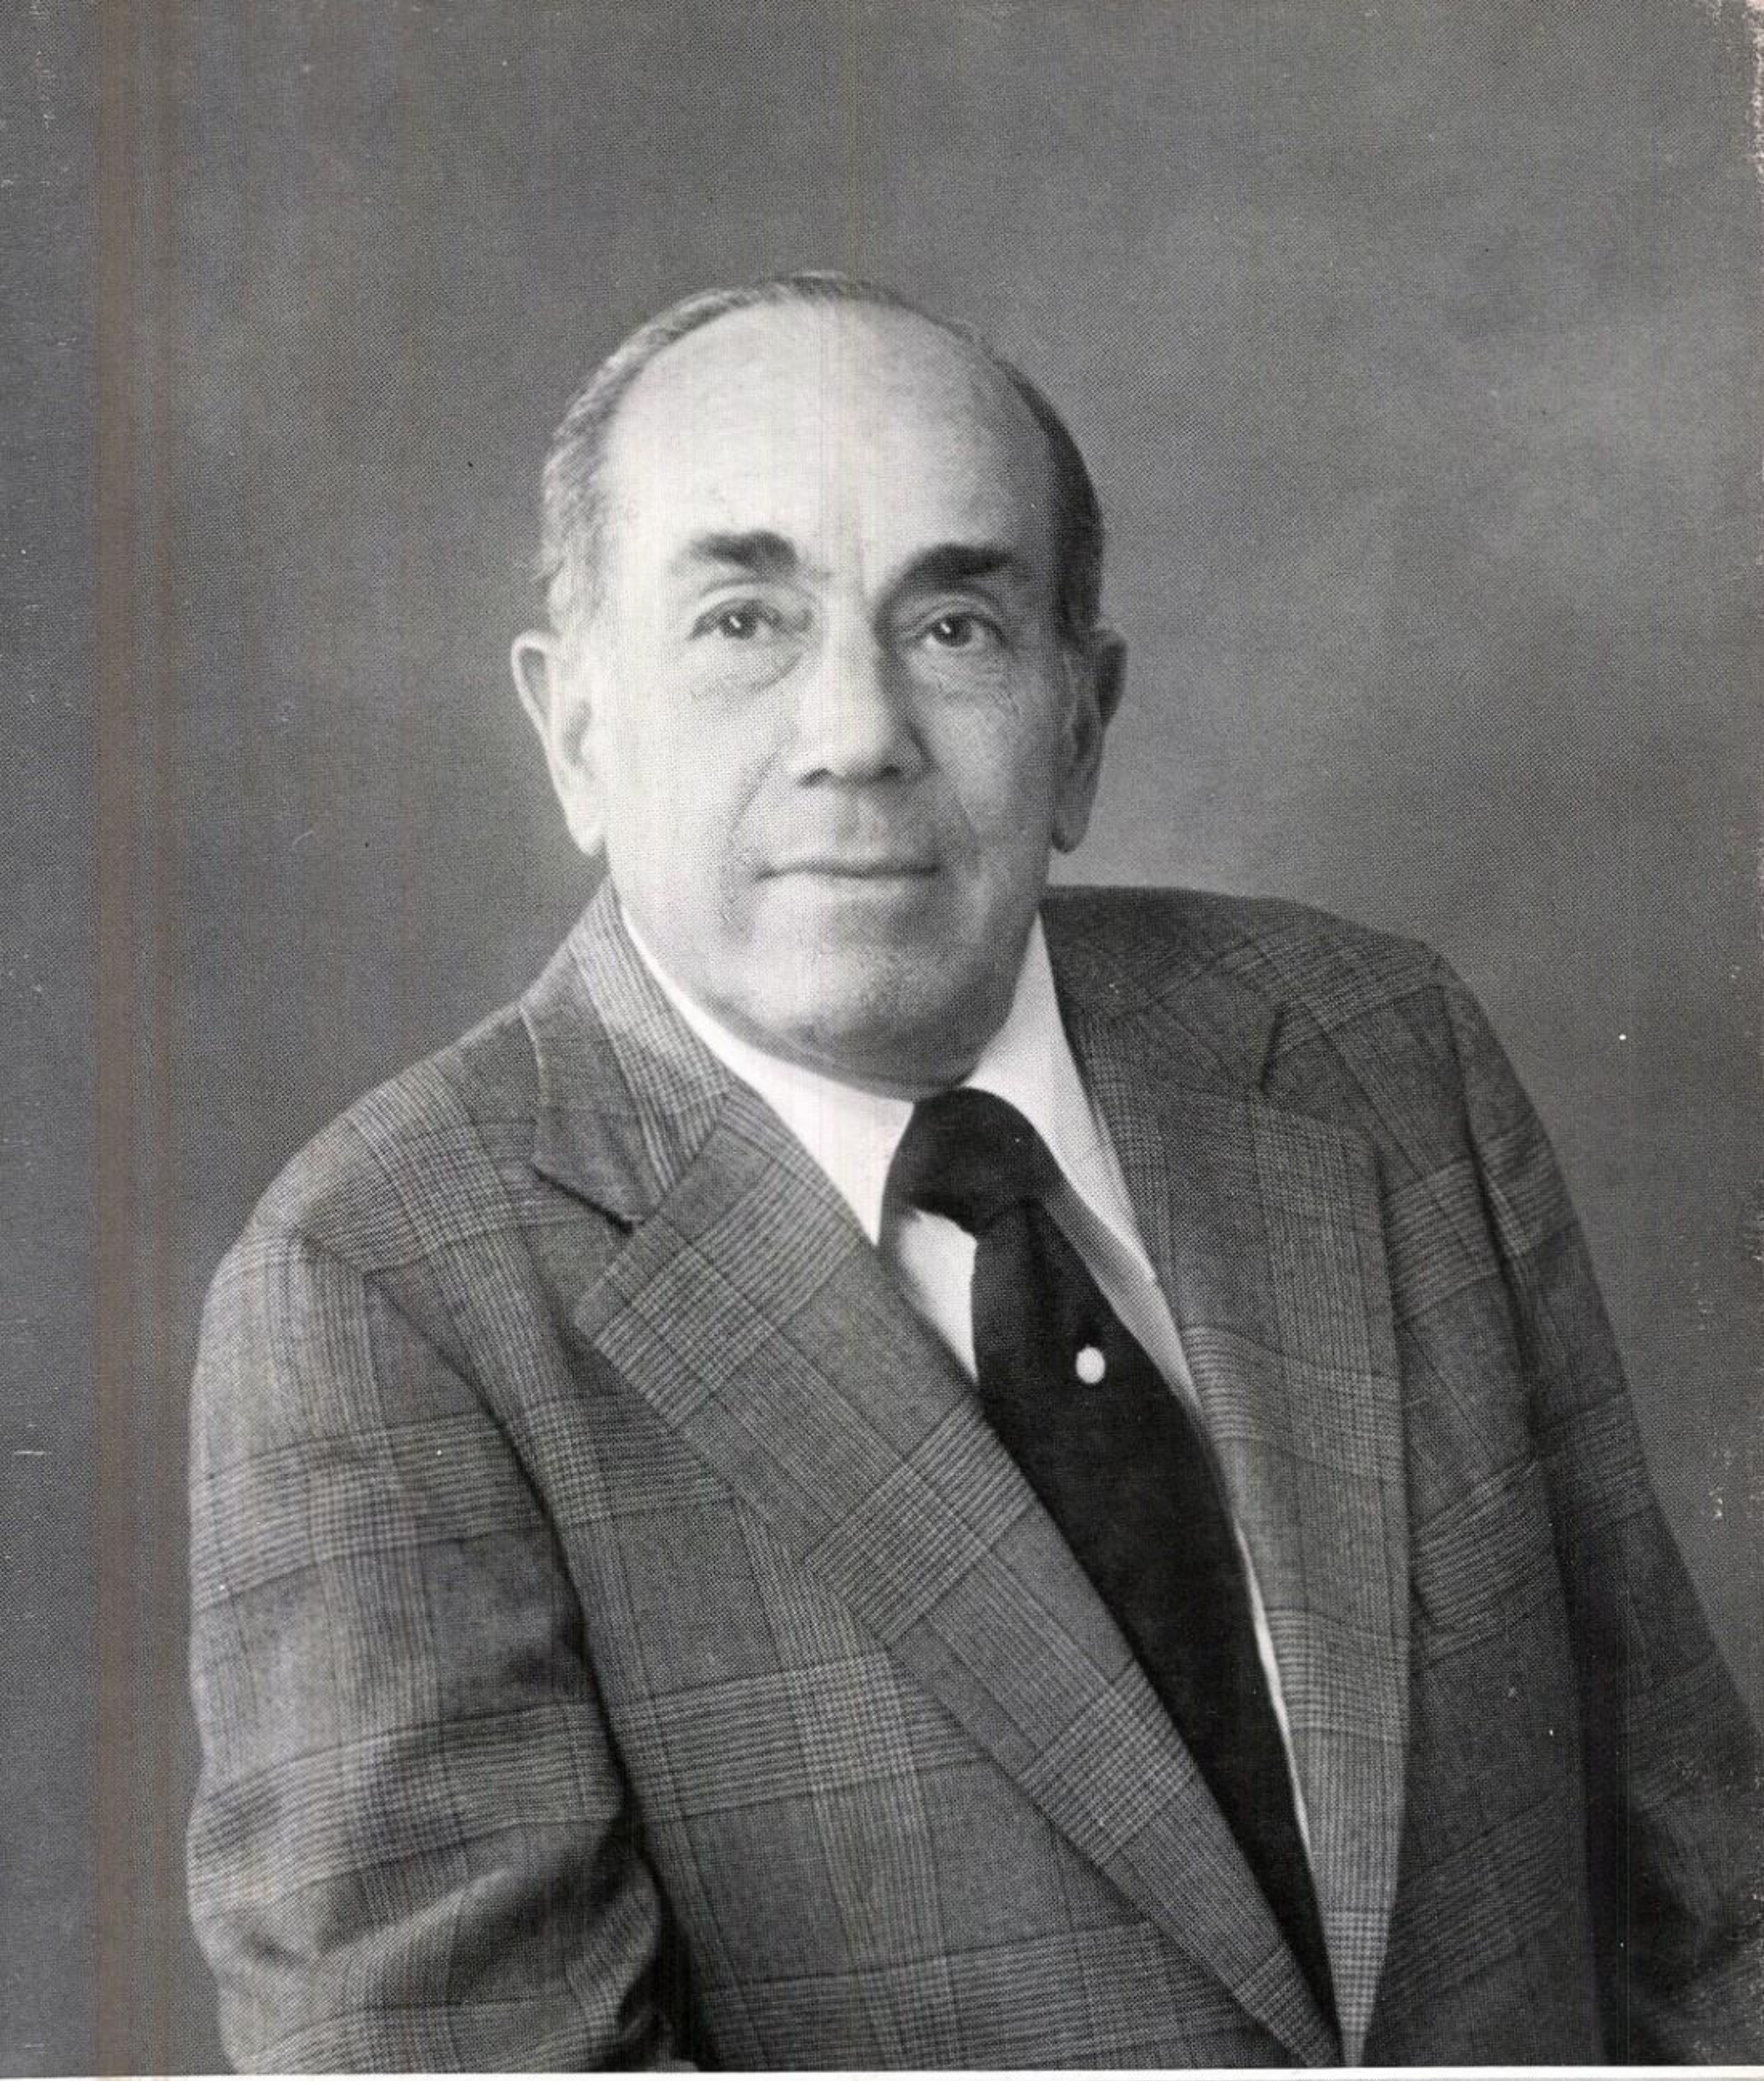
Hal Hamm, district superintendent for 23 years and one of Mr. Silva's closest friends, persuaded Mr. Silva to enter administration; he has never sought another position since that time. In 1955, Mr. Silva left full-time teaching and became a teacher/administration assistant. He was named vice-principal in 1959 and in 1963 he became principal.

During the past 33 years, Mr. Silva has seen a lot of changes at Santa Ynez High. The enrollment has jumped from 125 to 840 students, while the teaching staff has grown from nine to 48. The campus, too, has changed considerably five additional wings, the library and the music room, and of course the new auto shop, ag complex, gymnasium, and the Little Theater--all have been added during Mr. Silva's residence here.

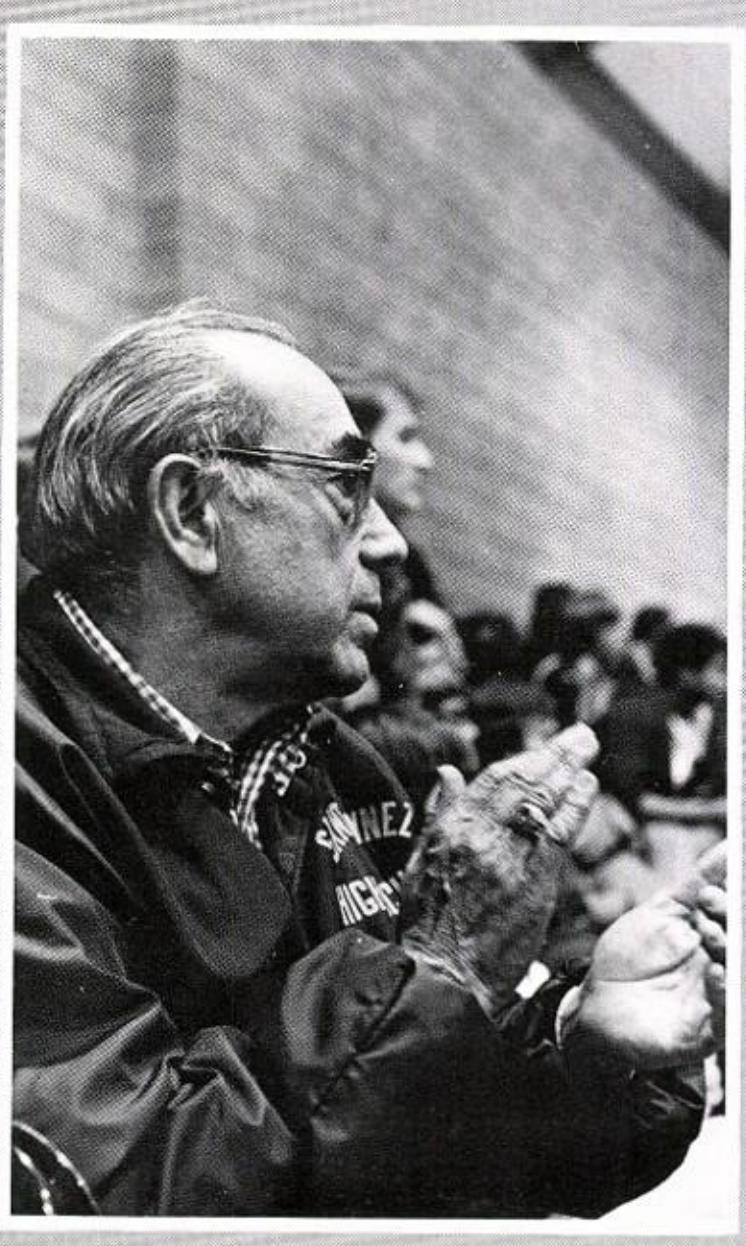
In retrospect, Mr. Silva names the three and four-day trips that he planned for the senior classes in the 40's and 50's as his favorite recollections. He added that there is not one student or class that he could single out the "best" (Mr. Silva is well-known for telling every class they're the best) but he said that each class and each student represented something special.

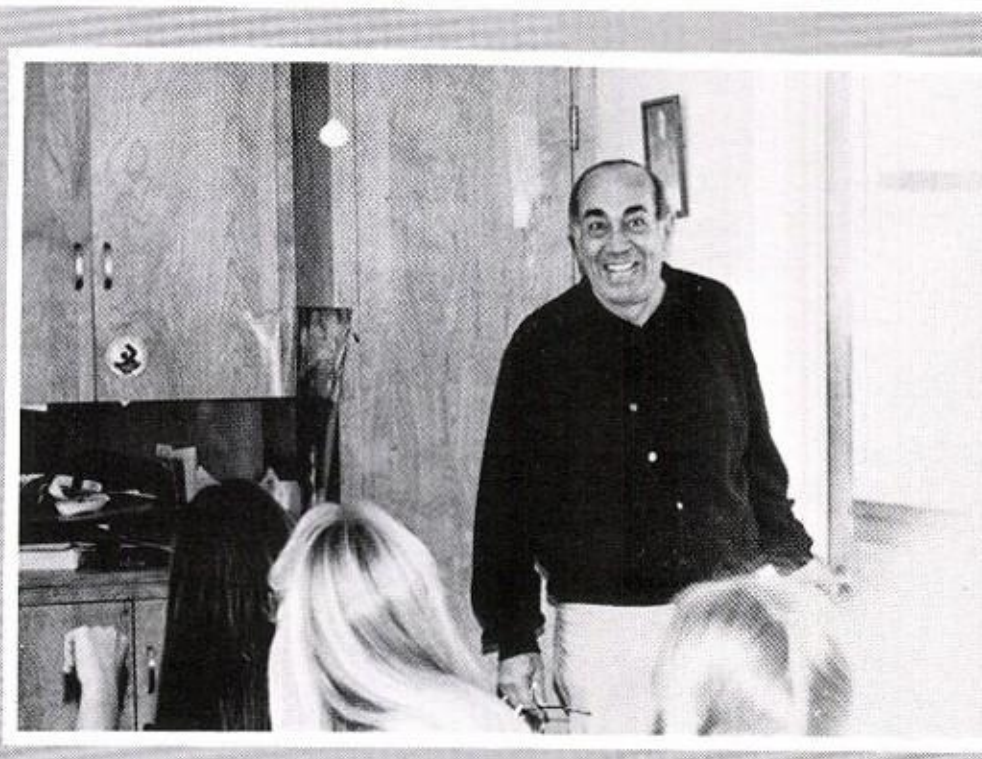
Mr. Silva's immediate plans call for a potential trip to Portugal, taking classes in that language and in gourmet cooking, and substitute teaching. He is trying to find a part-time job, and he also plans to step up his already active participation in community services. Mr. Silva also wants to write a book about his experiences here at the high school.

So, although Mr. Silva is bringing an end to an era by leaving S.Y. High, he will be keeping busy both in the areas of education and community involvement. The Pirate Revue staff wishes him well, as does everyone who knows him and loves him for the best of luck in the years to come.

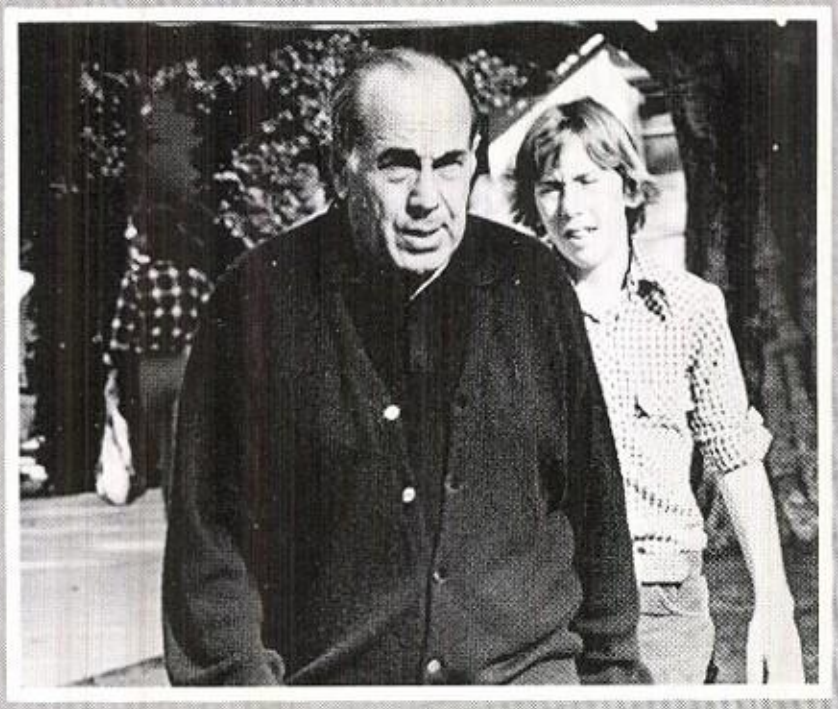


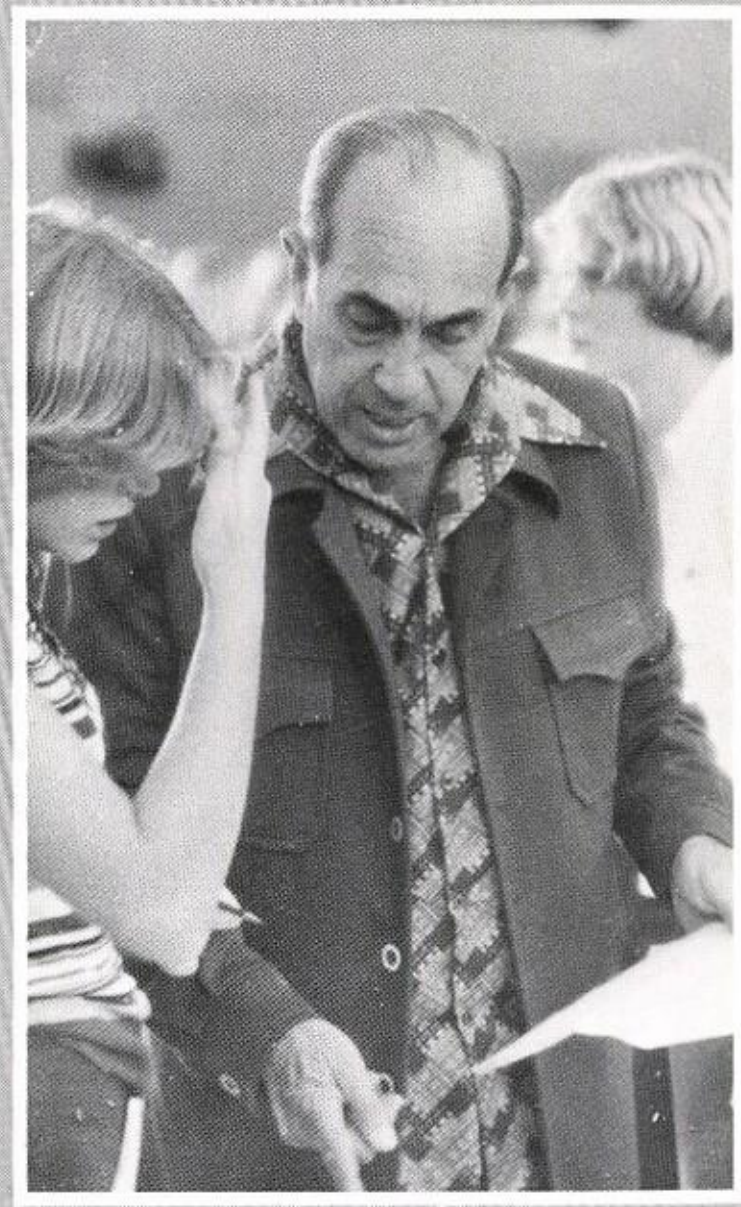
A Great Principal





An Even Greater Human Being





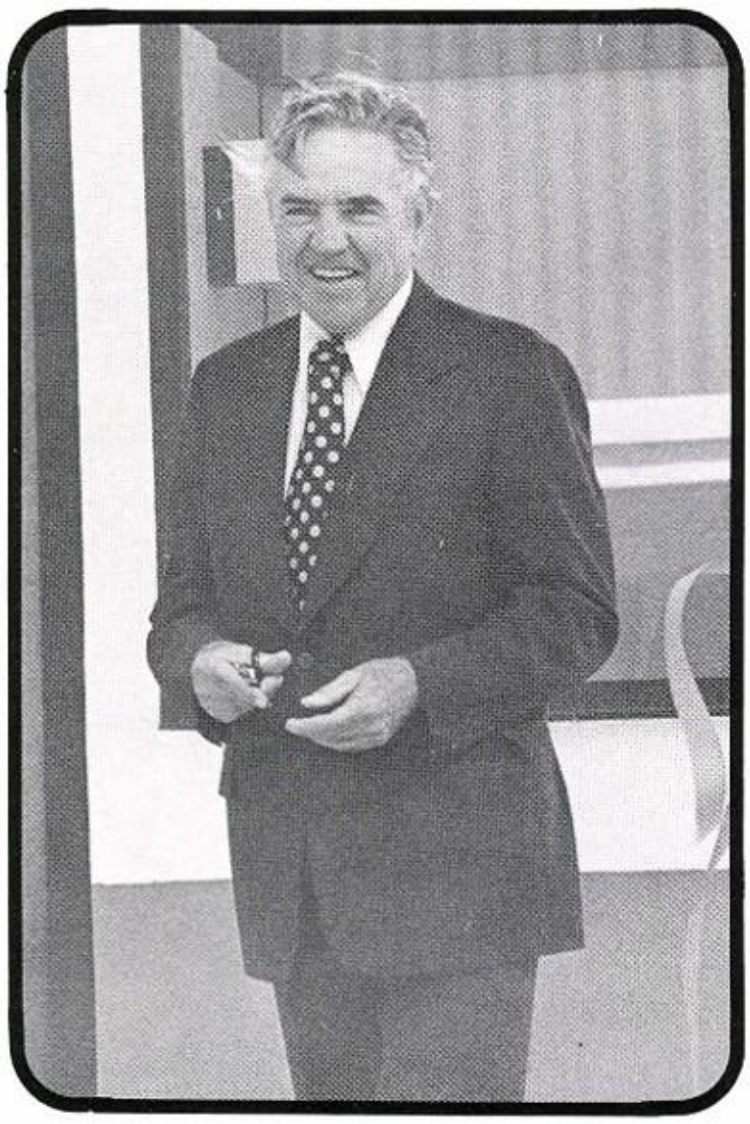
The 1977-78 school year was a year for movin'. In September some 215 freshmen moved aboard the Pirate Ship to begin their four year journey toward graduation.

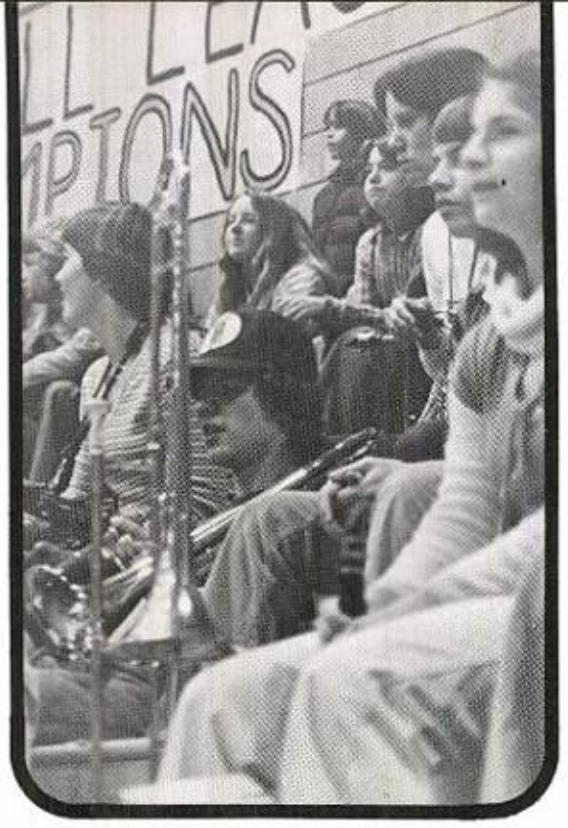
In October, after months of eager anticipation we moved into three bautiful new facilities--the Vocational Education Building, the Little Theatre, and the Gymnasium.

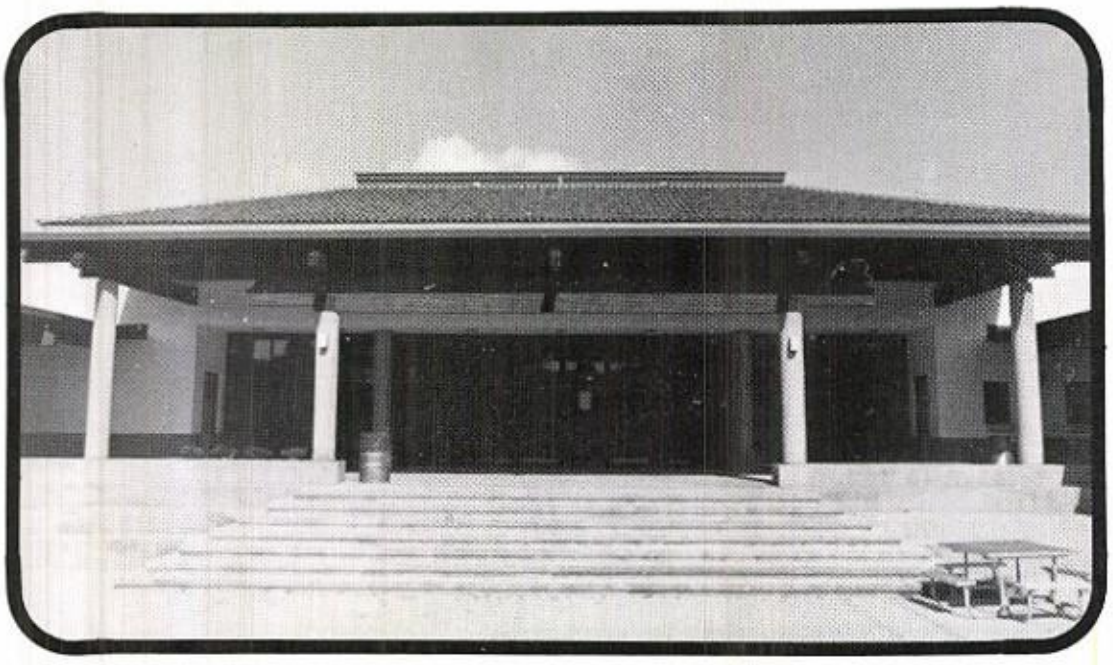
It was also a year for movin' on. At the December meeting of the Board of Trustees Mr. Silva announced that after thirty three years at SYHS, he was ready to "graduate" with '78 and "move on" to a new chapter in his life. At the same meeting, District Superintendent, David Baker, announced that he too planned to "move on" and would not seek to have his contract at SY renewed.

Mr. Doug Frazier, a veteran of twenty-two campaigns at SY as a social studies teacher also decided that '78 was the year to turn in his roll book for the last time and to "move on" to other pursuits.

At the football banquet in January, head football coach Will Stensland announced that after nineteen years we would retire from his coaching duties.

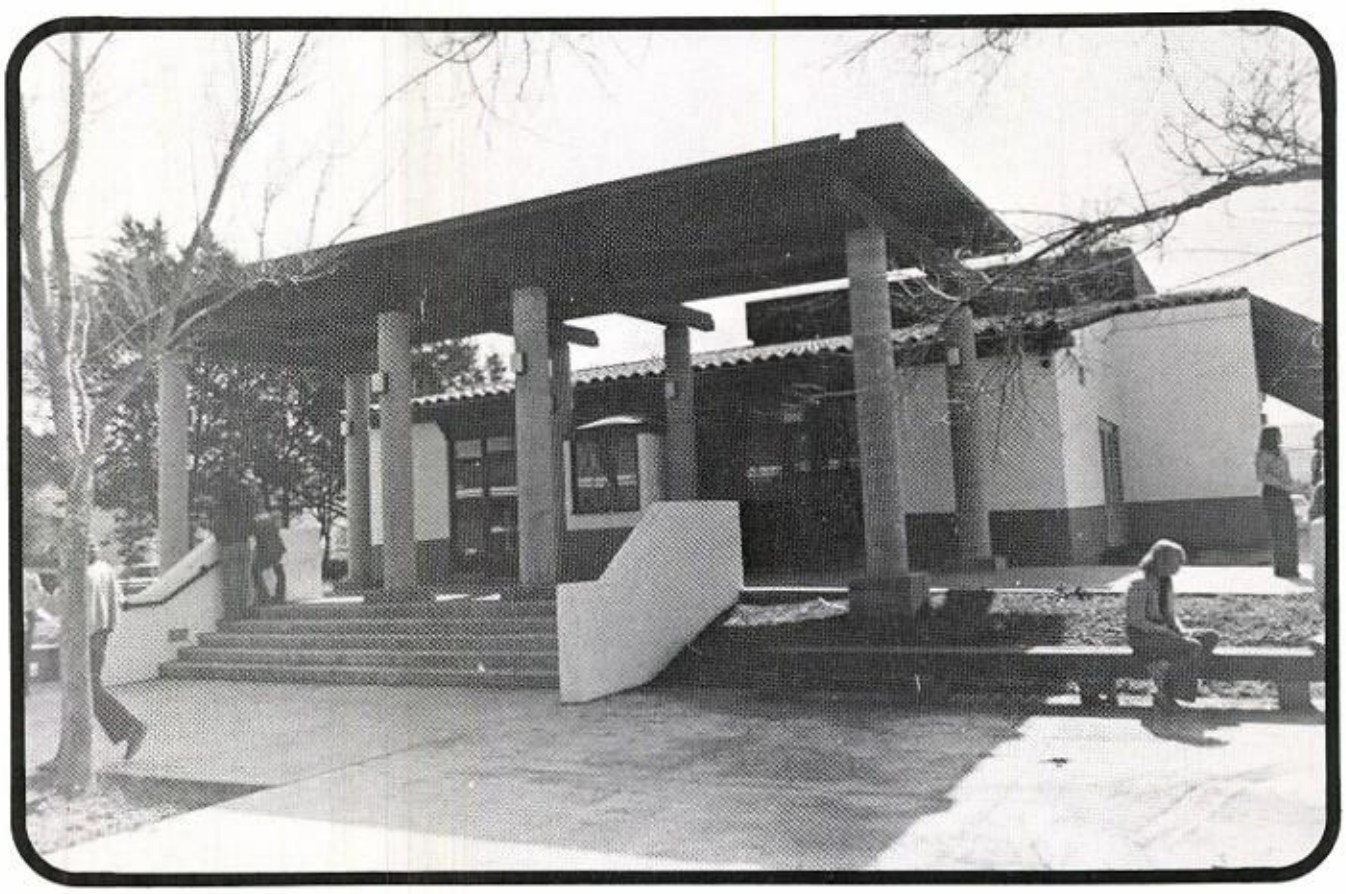


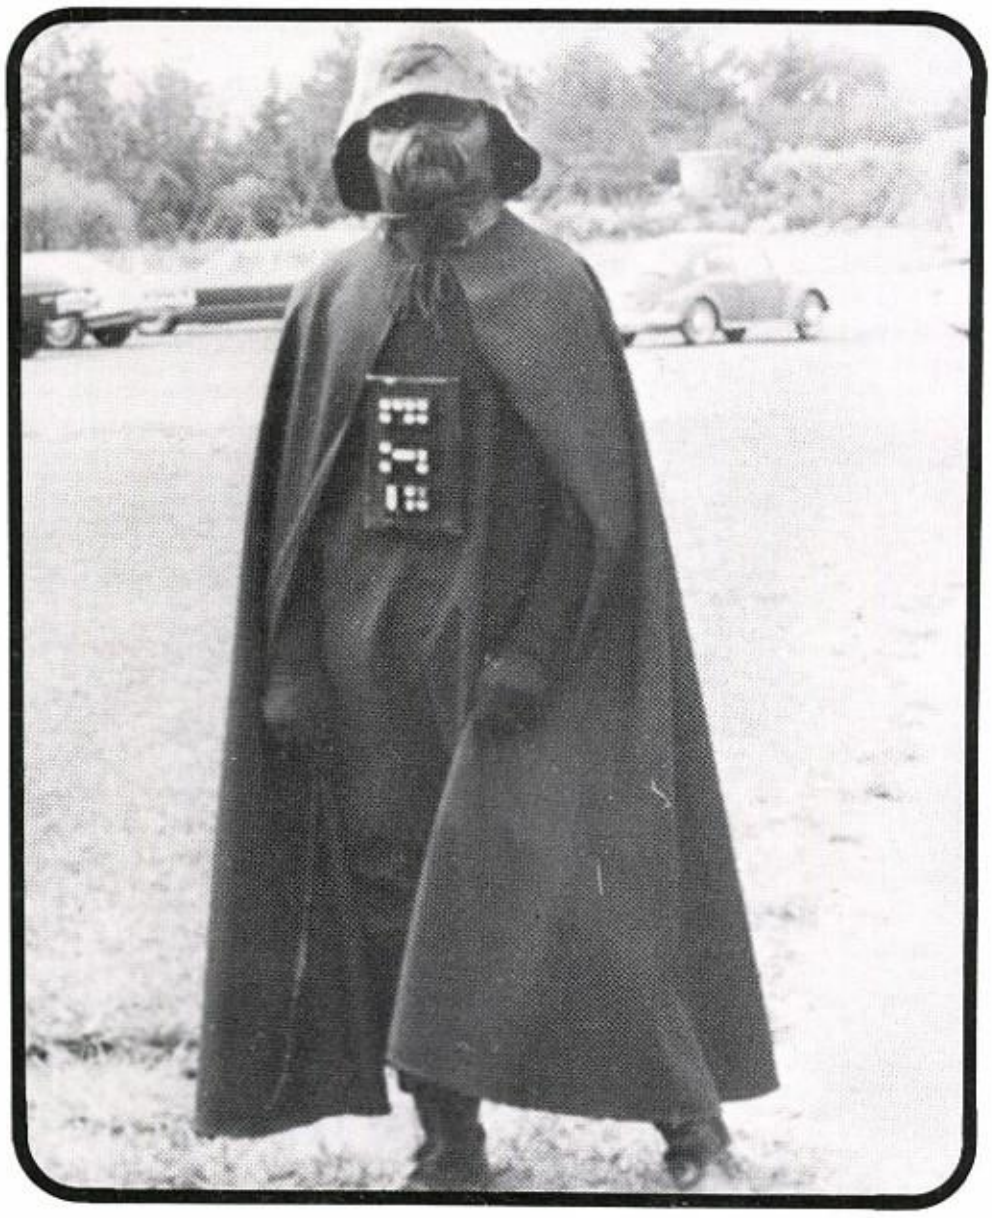


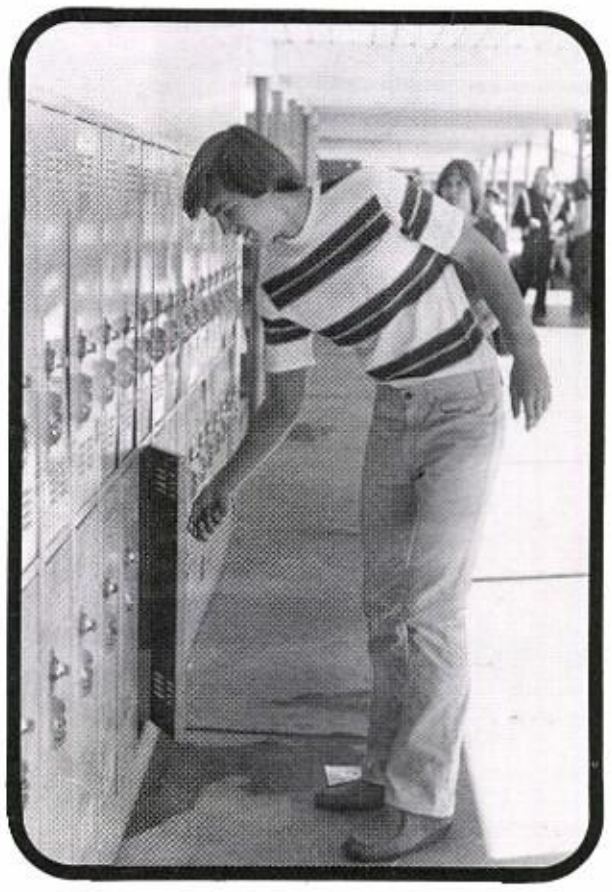


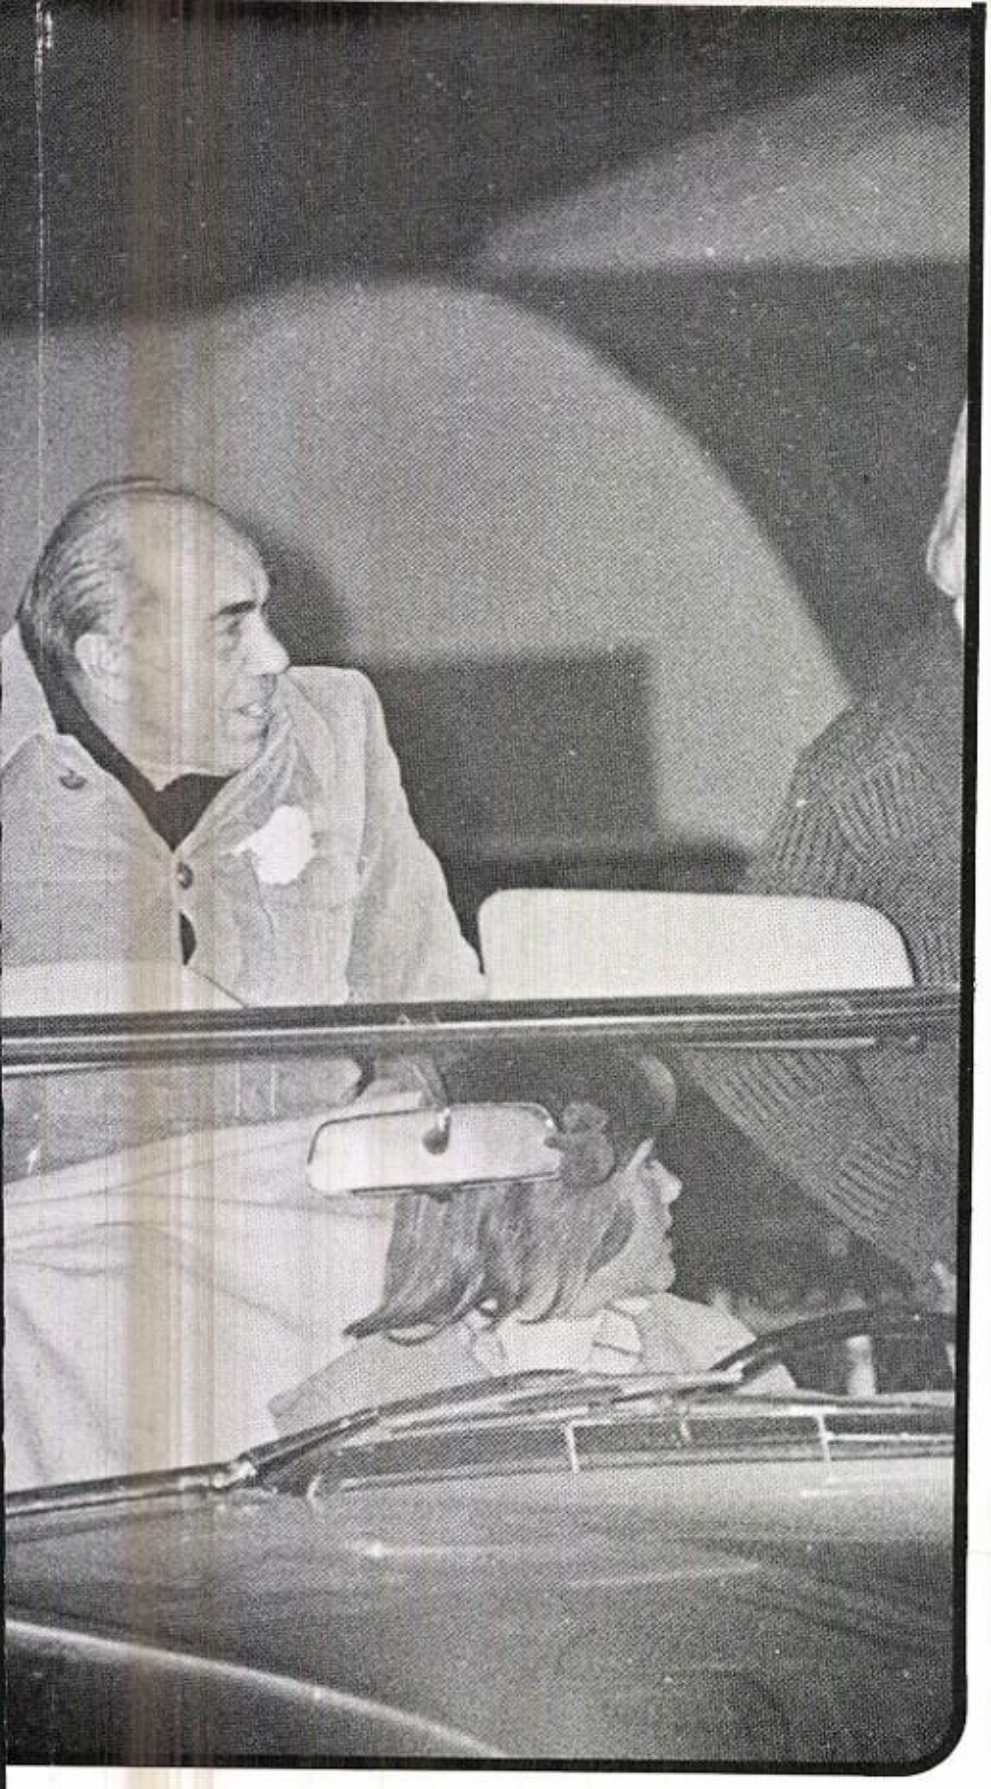
In February it was announced that Dave McCullough, Dean of Students and Director of Athletics, would move into the role of Superintendent/Principal effective July 1, 1978.

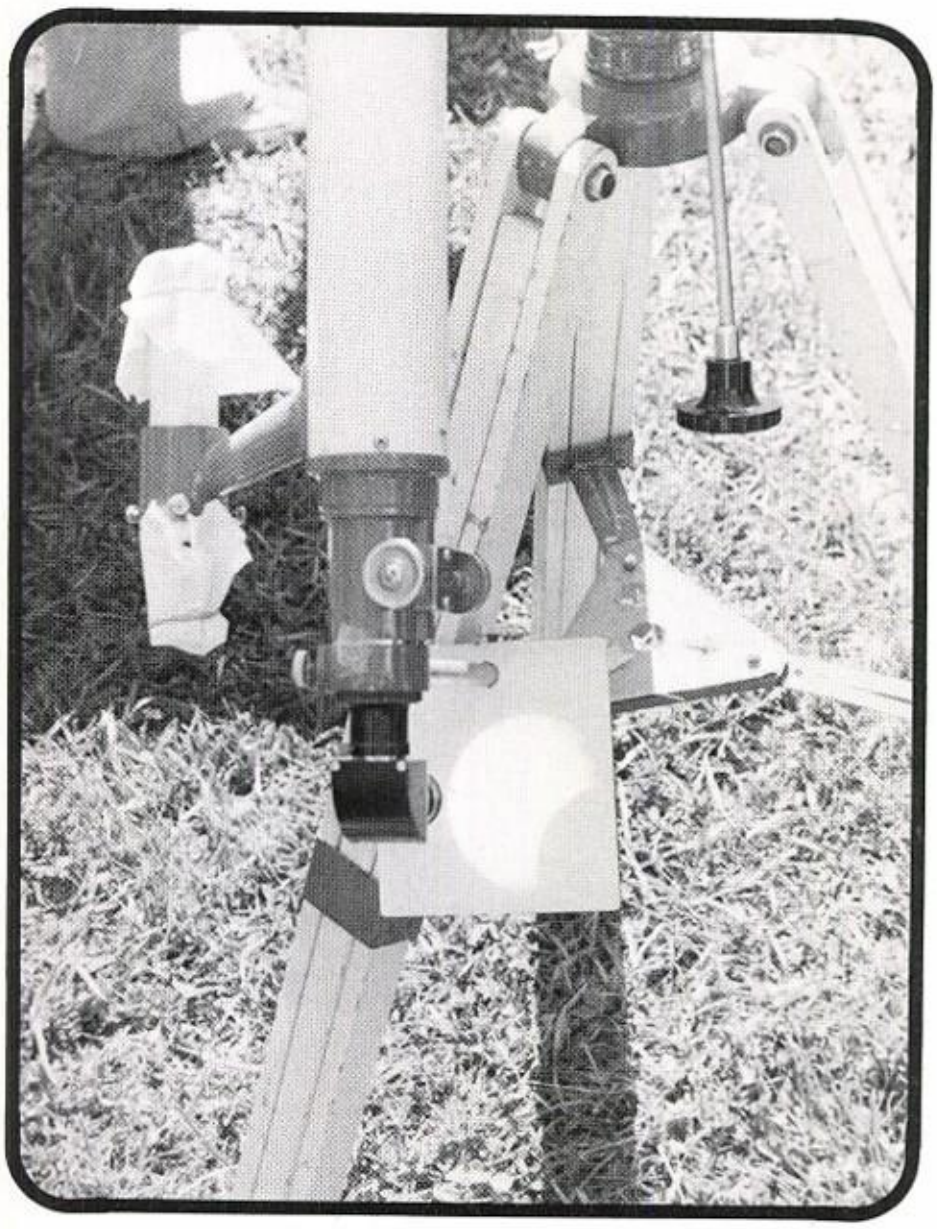
For the Seniors 1978 marked a time for "movin' ahead." Together for so many years, members of "The Great 78" will disperse and follow their own paths into their own futures. The other classes, of course, moved along and everyone stepped another rung higher in the ladder leading to the "top of the heap."











and moving right along...

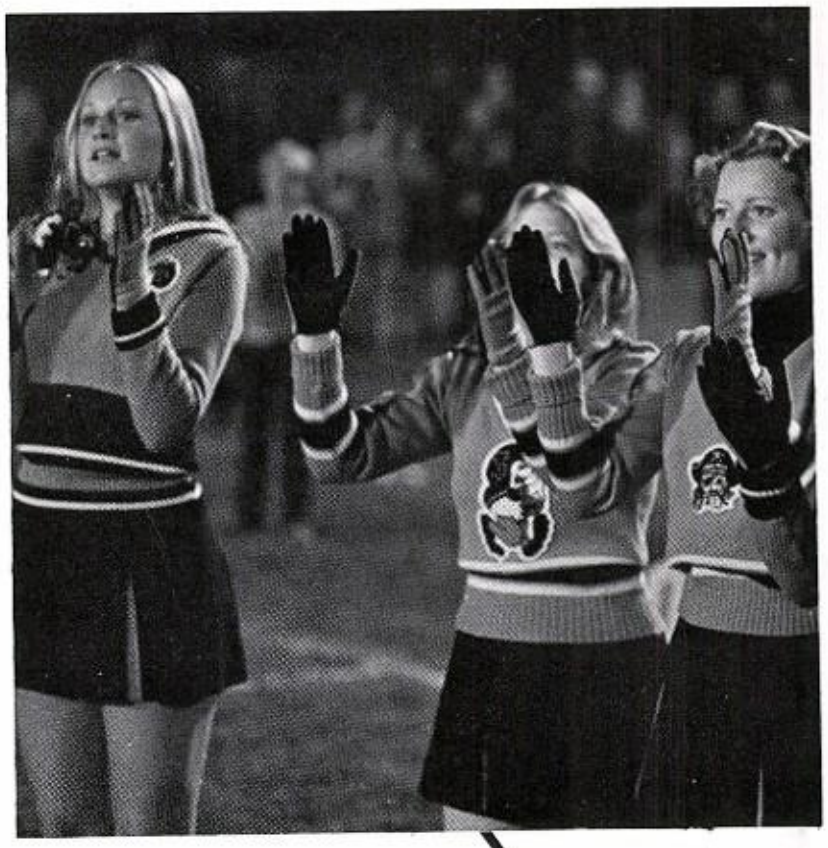
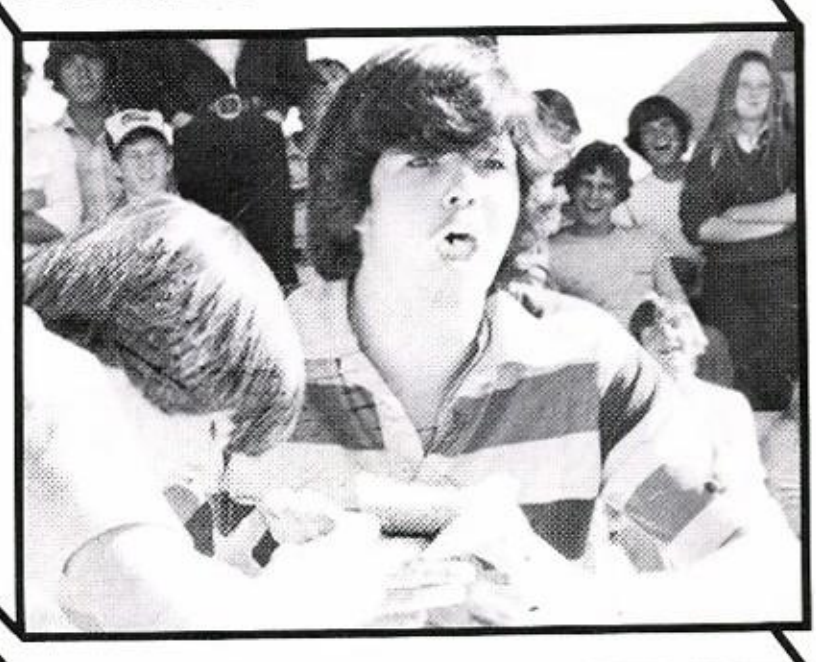
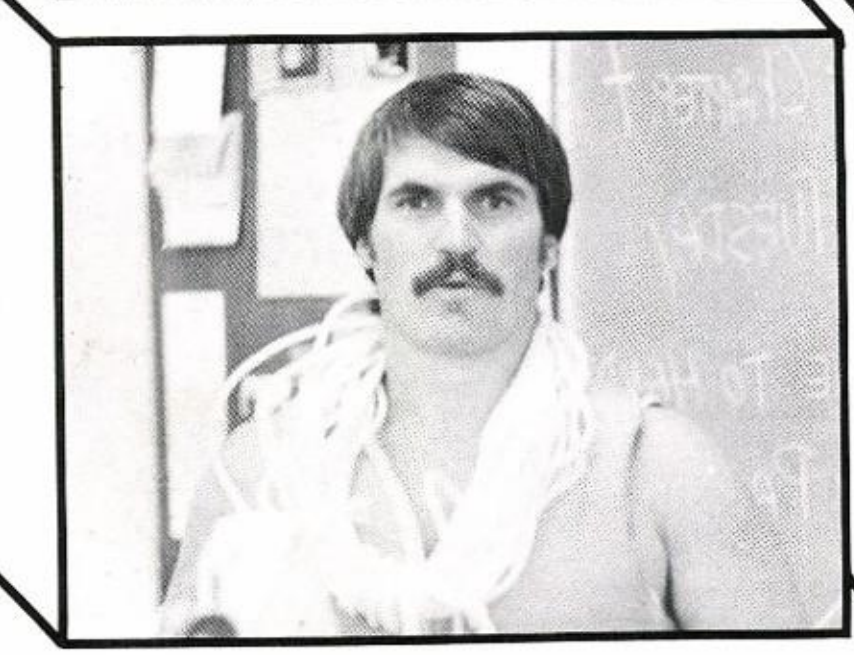
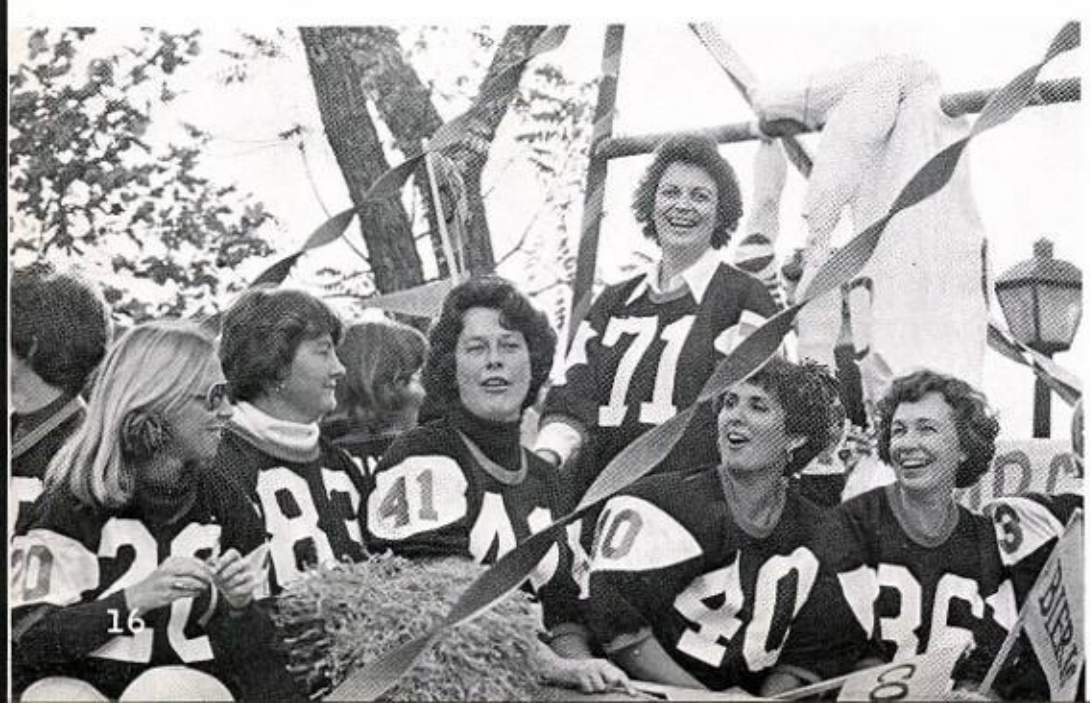
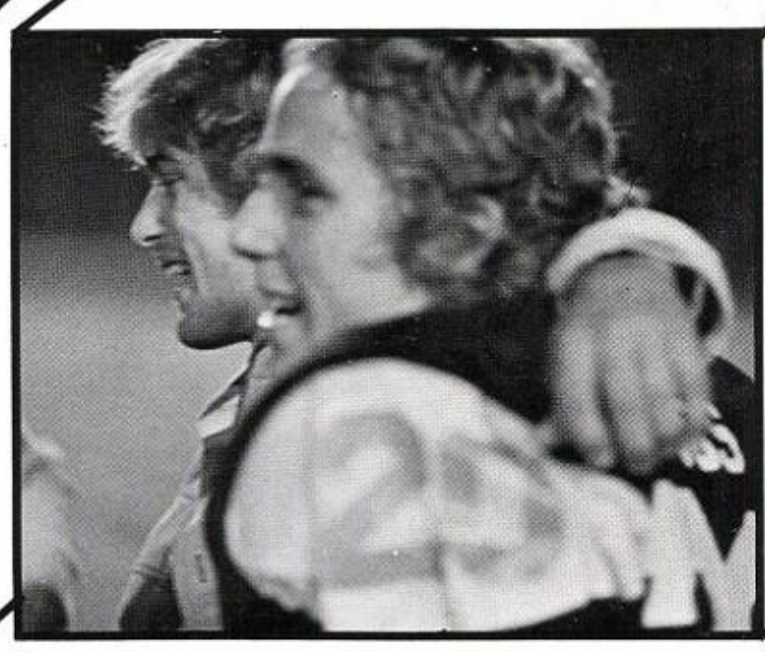
Homecoming 1977











Homecoming 1977 was one of the best ever. The week began with Pirate Day, and campus pulsed with blood-thirsty buccaneers. Noon activities included a chug-a-lug contest and a pie eating contest. Tuesday brought the Carribean Beach Bums. Noon activities were races in the pool--innertubes, free style relays and watermelon water polo. On Walt Disney Day on Wednesday we saw such characters as Eeyore, Snow-not-so-White, and several Tinkerbells. Thursday was favorite sport day; there were female football players, male cheerleaders and the Schenectady Snotbombs. The Homecoming parade was back after a year's suspention, and, in spite of the Junior float catching fire, it was better than ever. The sophomore and senior floats won the float competition. And on the football field Friday night, the Santa Ynez Pirates smashed the St. Joseph Knights 46-6, winning the LPAL championship outright!

Student Council started out the year with a dance to welcome new and old students back to school. They they progressed to painting the press box in our school colors, proudly printing "Home of the Pirates" on the front. They really surprised the Lutheran Home residents by giving them a Halloween party, and being the enthusiasts that they are, they dressed appropriatly (in costume of course). Then came Homecoming week. Wow! What a blast! This year's students were super enthusiastic when it came to class competition. Activities such as the treasure hunt, the raft racing, the float and pyramid building and the pie-eating contest really got the spirit soaring. Evidently the sophomores had a bit more spirit than the rest because they won most of the competitions and came out ahead with the most points. The Christmas Formal, sponsored by the senior class, arrived sooner than was expected. "Silva Bells" was the theme and the music, by Scarab, was outstanding. Student Council created other sorts of entertainment for the student body. They offered movies such as "Black Beard's Ghost", "Butch Cassidy and the Sundance Kid" and "Silver Streak". Music was also played periodically during lunch for student listening pleasure. The Council organized student exchanges with other schools. The whole purpose was to find out how those schools are run, enabling us to better our school and to have greater understanding of the varying experiences of our peers. As you can see, the Student Council put a lot of time and effort into everything they did and they did it well. We just hope next year's Student Council is as good as this year's.

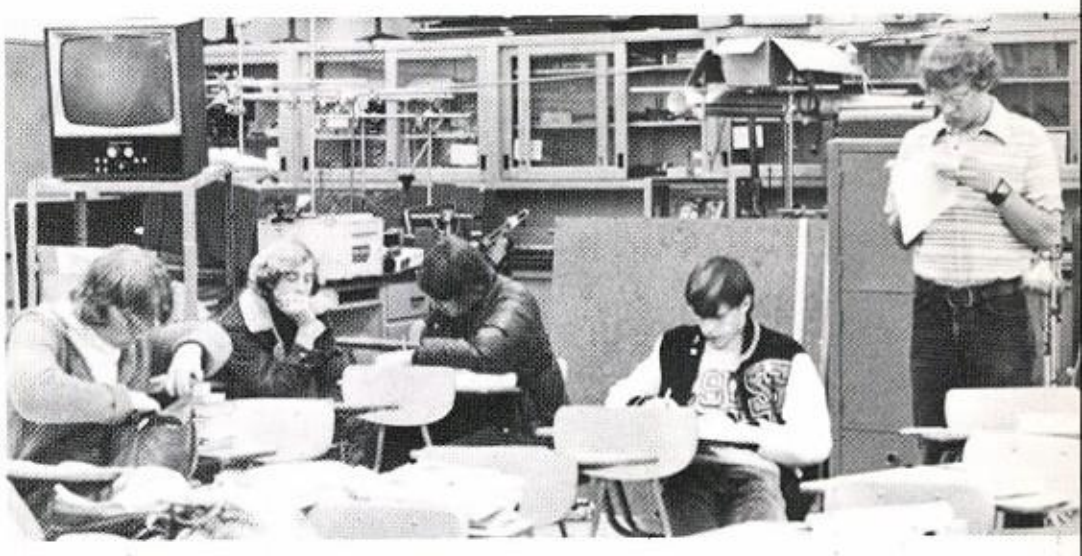
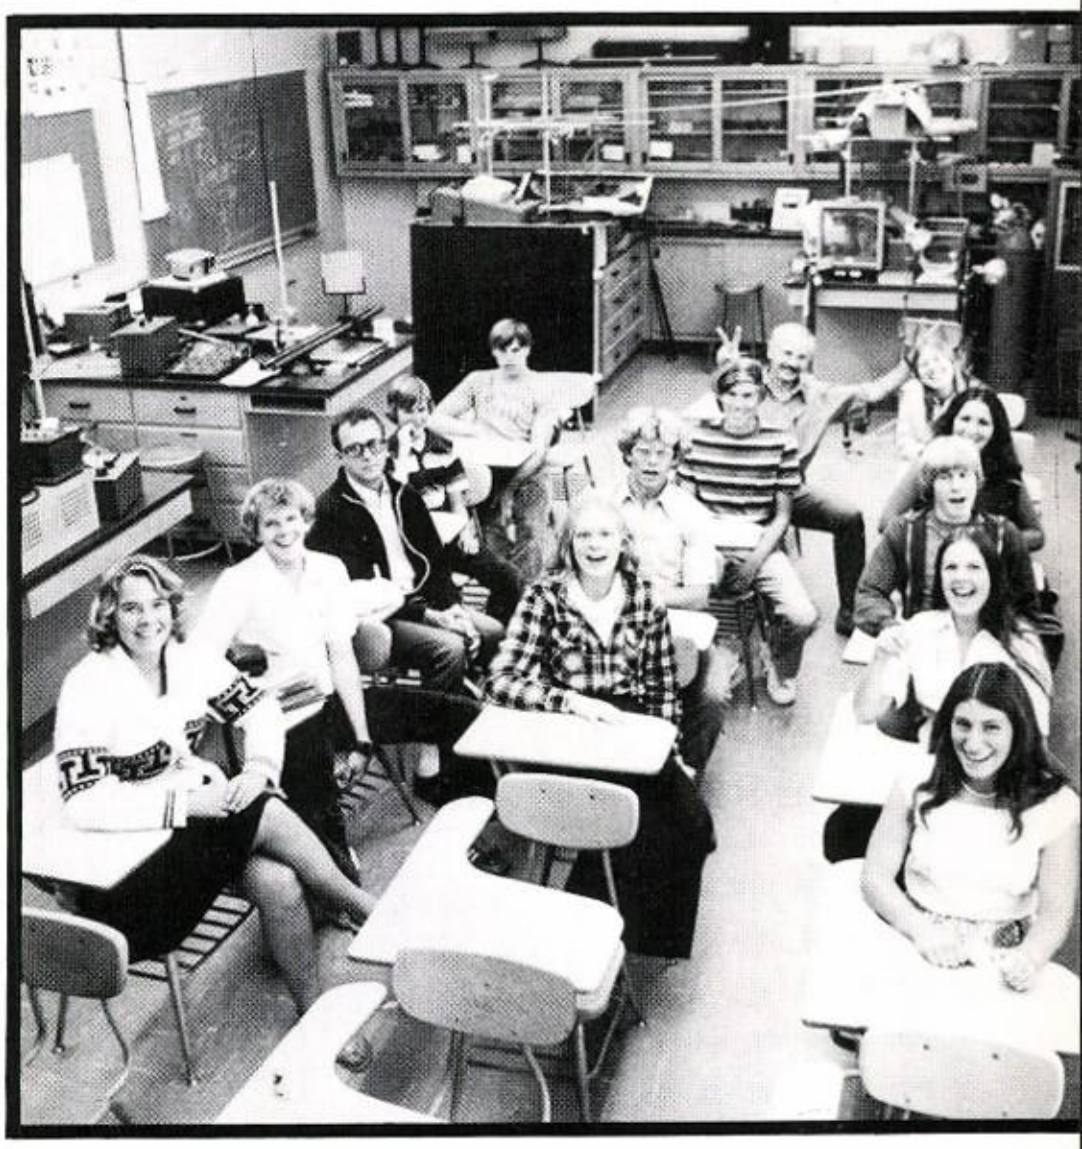
This year FBLA put their business into action. They vigorously sold candy canes at Christmas time, and held a rip-roaring donkey basketball game. The game was between faculty members and students. The students were really confident when it came to getting those "asses" movin', but the faculty won them over in the end.





Could you tell that these people are the mature "Brains" of the school by looking at this picture? Anyway, they're all scientifically smashing or is it that they smash science?

Korte's Pawn Shop

For those who love chess, the Chess Club was the place to be. Action, excitement and thrills abounded when those little pawns, rooks, knights, bishops, kings and queens hopped all over that black and white battlefield. During the Chess Club's marathon the "woodpushers" had to keep those babies movin' for a full twenty four hours.

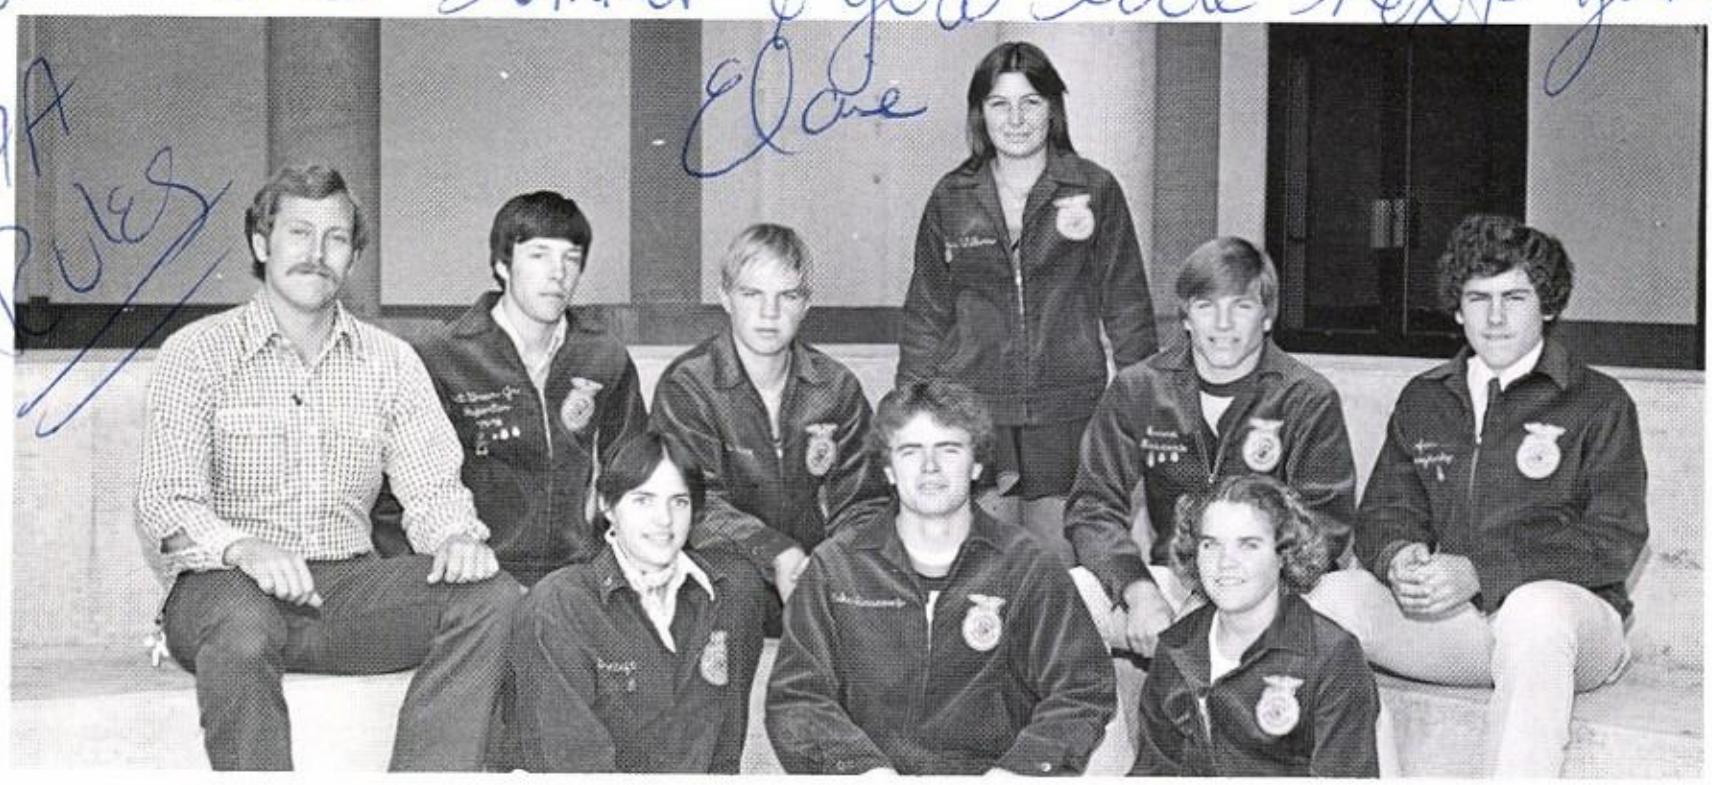
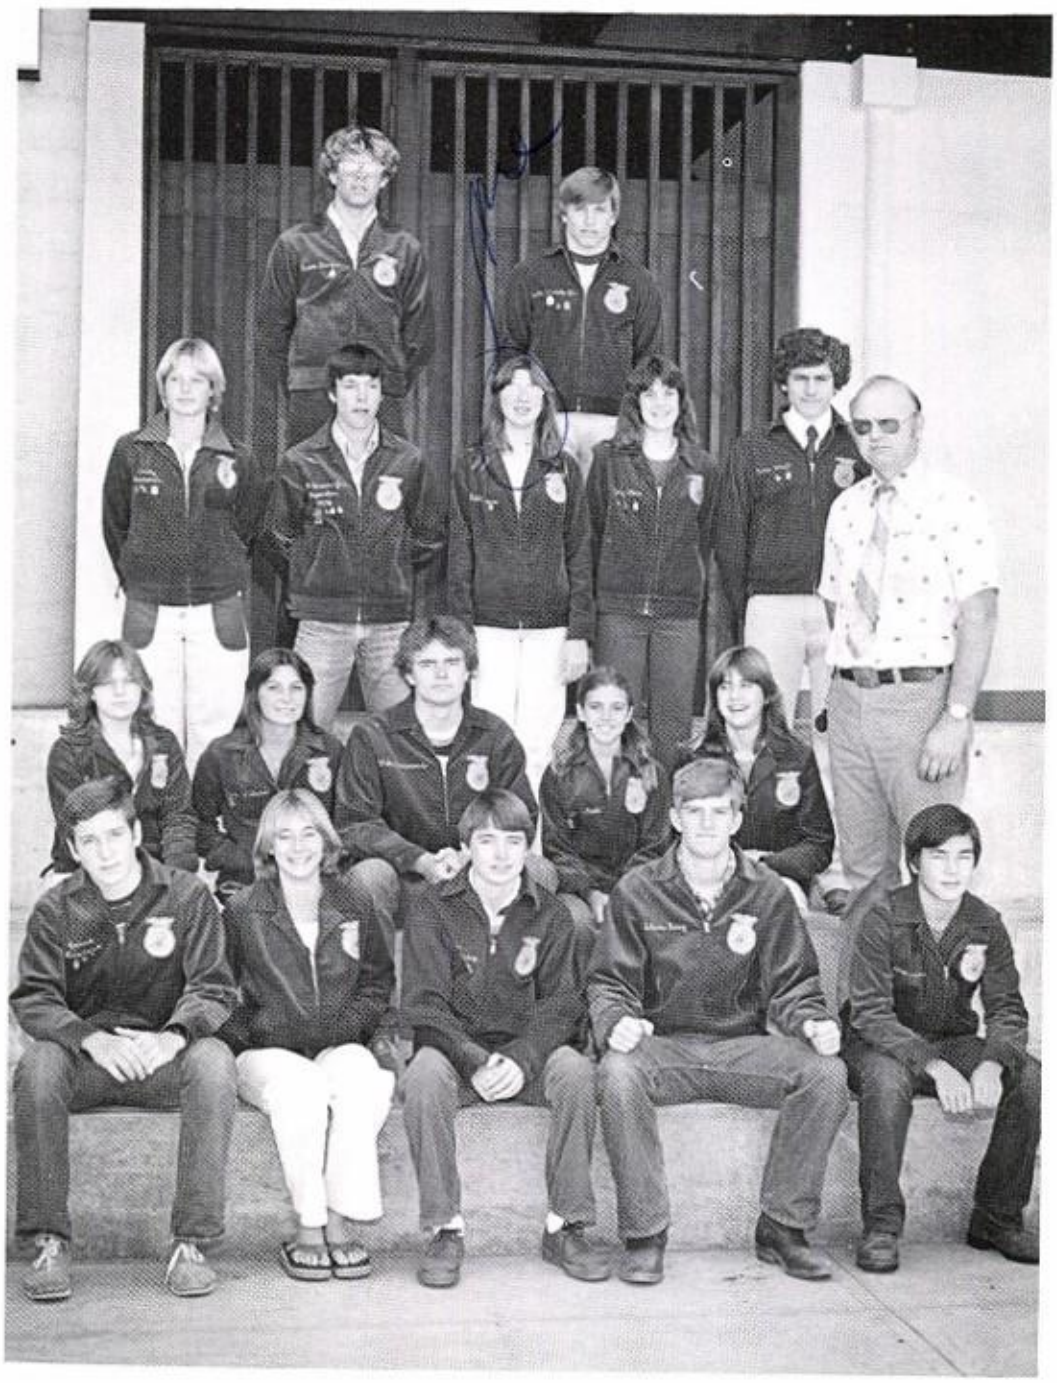
Future Farmers Of America





The Future Farmers of America is unquestionably one of Santa Ynez High School's hardest-working, most active organizations. The primary purposes of the FFA are to provide leadership training for tomorrow's leaders and to generate interest in agriculture. These goals are accomplished through the organization's many projects, activities, and competitions throughout the year. The FFA is an organization of which both the school and community can be proud.

LPAL Champs At Last

Paso Takes Back Seat

The 1977 football season will long be remembered as the year of the "Resurgent Pirates" (as we were dubbed by the newspaper) came back from an uninspiring 1-4 preleague performance to go 4-0 in league taking our first ever outright LPAL Championship. The highlight, of course, was our (12-7) victory over perennial league champs and arch rival Paso Robles.

In C.I.F. competition we stopped Valley Christian (14-11) in a tough first round battle. The Filmore Flashes fell victim to a furious offensive onslaught in the quarter finals as we posted a (34-6) victory. However, old nemesis Paso edged us in the semi-finals (7-0) dashing our C.I.F. hopes and avenging our earlier victory over them.

The S.Y. Girls Tennis Team experienced its most successful tennis season ever as it narrowly missed winning the Northern League Championship. Although the net gals beat Cabrillo (the league champions) in the last round, a severe let down robbed them of a share of the triumph when they were upset by S.L.O. two days later. Losing 4-3 in the third set in near darkness, the gals had to settle for runner up to Cabrillo. Their final league record was 10 wins 2 losses. Their season record was 13-5. Next the netters went on to C.I.F. play, winning their first round against Workman High, 11-7, before being eliminated by Redondo Beach, in a narrow 10-8 decision. Said Coach Gilchrist, "This is the finest group I've had the privilege to coach".

Basketball Championship For SY

Enjoying their finest season in a decade the Pirate Varsity basketballers compiled a 16-9 record on their way to their first LPL Championship and the quarter finals of the CIF Championship Tournament.

The first round of league play was highlighted by the Pirates determined, disciplined play which found them on the top of the standings with four hard-fought, narrow victories. The team tripped twice in the second round-once to St. Joseph and onec to Atascadero-but their 6-2 record was good enough to achieve sole possession of the league crown. In the post-season tourney the Pirate ship was sailing on the crests of the waves with 75-48 thumping of Cate and a 58-52 victory over Lawndale; however, the Bucs ran into Leon Woods and company of St. Monica and was edged 70-68 in a heartbreaker. Woods was a one-man show and scored 34 points to lead his team to victory over the Pirates who played their best game of the season.
